DESIGN SYSTEM · STYLE GUIDE

Visual Language of the FC Journey

The colors, type, components and motion used on the live site. Use this guide to keep new screens, slides and documents consistent with the product.

Theme **Dark · Warehouse Night** Fonts **Barlow · Barlow Condensed** Accent **#FF9900**

01 Core Palette

A dark navy base keeps the role illustrations and the orange accent in front.

Orange
`--orange #FF9900`

Orange Deep
`#E67E00 · gradients`

Background
`--bg #0d1117`

Surface
`--surface #161d27`

Navy
`--navy #232F3E`

Dark
`--dark #131921 · text on orange`

Text
`--text #f0f0f0`

Muted
`--muted #8899aa`

02 Role Stripe Colors

Each workflow role has its own stripe color, used on card tops, panels and progress markers.

Start Event
`#04D4A0 → #067D62`

Driver · Shipping
`#37A9F5 → #1a5c9a`

Receiving
`#2ECC71 → #1a6a3a`

Water Spider
`#E67E22 → #8a4a10`

Stower
`#9B59B6 → #5a1a8a`

Picker
`#17A2B8 → #0a5a6a`

Packer
`#8BC34A → #3a6a10`

SLAM · Gateways
`#F1C40F → #8a6a00`

Problem Solver
`#E74C3C → #8a1a1a`

End Event
`#E74C3C → #C0392B`

03 Typography

Barlow Condensed for headings and labels; Barlow for reading text.

Display · Condensed 900 · 48	**amazon FC**
Card title · Condensed 800 · 18	**Receiving Inventory**
Eyebrow · Condensed 700 · 11 · +1.5 · CAPS	STEP 2
Subtitle · Barlow 600 · 11 · +1.5 · CAPS	FULFILLMENT CENTER · END-TO-END WORKFLOW
Body · Barlow 400 · 14–15	Associates unload trailers using pallet jacks and forklifts. Items are staged, counted, and routed for preparation.
Meta · Barlow 400 · 12 · Muted	Warehouse Associate (Receiving)

04 Components

BUTTONS

Pill buttons

✦ STORY MODE FLOW VIEW

STORY MODE INTERACTIVE

Primary = orange gradient on dark text. Active = 20% orange tint. Ghost = 6% white.

PLAYBAR

Round controls

↺ ⏮ ▶ ⏭ 1×

44px tap targets; the play button is 56px and filled orange.

STEP CARD

200 × 260

Radius 14, 4px role stripe, illustration area, eyebrow + title + role. Hover lifts the card 4px and adds an orange glow.

BPMN ELEMENTS

Events, gateways, flows

Start = green circle · Gateway = yellow diamond · End = red circle with thick border · Sequence flow = orange dashed arrow.

HEADER

Sticky top bar

amazon FC INTERACTIVE

58px tall, 92% opacity with a 16px blur, and a 2px orange bottom border.

05 Spacing, Shape & Motion

TOKEN	VALUE	USE
Card size	200 × 260 px	Flow View step cards
Flow gap	56 px	Space between cards (holds the arrow)
Radius	8 · 12 · 14 · 20+ px	Logo/inputs · panels · cards · pills
Border	rgba(255,153,0,.18)	Orange-tinted hairlines on panels
Header	58 px, blur 16 px	Sticky top bar
Transition	0.15s ease	Hover and active states
Hover lift	translateY(-4px) + orange glow	Step cards, Story Mode button (scale 1.05)
Background	Three.js particles + 28 px dot grid	Ambient warehouse depth

06 Usage Rules

Do

- Use orange for one main action or highlight per area
- Keep role colors tied to their role everywhere
- Use condensed caps for labels and plain Barlow for sentences
- Keep text light (#f0f0f0 / #c9d3dd) on dark surfaces

Don't

- Put orange text on a yellow (SLAM) background
- Use role colors for decoration with no meaning
- Set long paragraphs in Barlow Condensed
- Use Amazon logos; the wordmark is text only
